

The NHRTL Political Action Committee today identifies selected state candidates who defend both unborn children and their mothers.

NHRTL-PAC urges conscientious pro-lifers to support the following candidates on Tuesday November 3. Only those candidates listed below have met criteria for endorsement or support from the NHRTL PAC.

NHRTL-PAC only **endorses** .candidates who will defend all human life **without exception** [Based on surveys, interviews, and voting records]. We **support** candidates who have exceptions and/or those who support our agenda more often than not [based on voting records and/or surveys].

Candidates for whom we have insufficient information and those whom we cannot support or endorse are omitted to conserve space.
